---

---

---

---

---

## What Happens?

- You may be notified of the inspection
  - often 24 hours in advance, may be a few hours in advance
- Inspectors have authority to enter your facility
  - Be honest about limitations, concerns

---

---

---

---

---

---

---

---

## What Happens?

- The inspector will introduce him/herself, show credentials
  - explain purpose of the inspection
- schedule for inspection -- inspections can take several hours to more than a day

---

---

---

---

---

---

---

---
